# Reasons to Join PBYC

## RACING

PBYC is a member of the Southern California Yachting Association and the United States Sailing Association. We host the annual *Island Series* which includes the Hardway Race around Santa Cruz Island, the Tri-Point Ocean race around Anacapa Island and the Milt Ingram Trophy Race, the largest sailboat race in Ventura County. Milt's Race encourages sailors of all levels of experience to participate and enjoy this very popular event. The Fall and Spring series round out our full program.

## CRUISING

PBYC offers an adventurous and fun-packed cruising program throughout the year. Members enjoy full reciprocal privileges with other clubs throughout Southern California and worldwide. This means that most yacht clubs will honor your PBYC membership card allowing you to use their facilities, which typically include at least one free day at their guest dock. Special attention is offered to new boaters to help them become prudent and confident island cruisers. Several of our members are on long distance cruises, and you can sample their adventures through their letters in our monthly newsletter, the *Fore 'n' Aft*.

## POWER BOATING

For those who prefer to get to the islands more quickly than the wind allows, many PBYC members enjoy power boating. All of our cruises have major participation from sailors and power boaters alike.

## SOCIAL ACTIVITIES

The PBYC clubhouse features a cocktail lounge with a 'living room' atmosphere in which members and their guests can relax and enjoy a variety of social activities. Most functions are casual dress with the key word being FUN! Membership also provides you the opportunity to extend your clubhouse hours for personal use any day of the week or it can be reserved for special occasions.

## COMMUNITY INVOLVMENT

PBYC recognizes a commitment to our community. We support the *Leo Robbins Community Sailing Center* where children of members may participate at no charge and also participate in the *Caregivers Sailathon* to support services for the elderly.
